(at the back of Changi General Hospital)
or call us at : 8310 0212 (for food deliveries)

SIMEI CARE CENTRE is a community based, purpose-built rehabilitation centre operated by the Singapore Anglican Community Services, a voluntary welfare organization. It caters to the various needs of persons with psychiatric disabilities in Singapore.

Completed in December 2004, it has a capacity of housing 120 residential members and another 90 day care members.

We hope to help each of our members rediscover skills and resources needed to successfully live, learn and work in the community with the least amount of professional assistance.

Simei Care Centre
A place of recovery

Social
ENTERPRISE

SIMEI CARE CENTRE is a purpose built psychiatric rehabilitation centre; modelled after an enterprise concept where spaces and good facilities are designed specially for the psychiatric members' training and needs. Our mission is to create job and income opportunities for people with psychiatric disabilities, and to develop their potential for re-integration into the workforce and be financially independent.

The Social Enterprises in SCC provide employment opportunities for the members. We partner with people with various skills and the necessary experience in running their social enterprises here. Our members will be employed and trained in various skills by the existing social enterprises partners:

Members Own Social Enterprise & Services

creates jobs for our members
through the following means:

- **Moses Gift Shop:** A gift shop manned by our members. It displays and sells items produced by members of SCC.
- **Moses Pushcarts:** A project to provide the opportunity for our members to learn retail skills and to provide another sales channel for our products.
- **Almega Square:** An organized in-house flea market event to give our members opportunity to practise salesmanship and to interact with the public.
- **On-line Shopping:** An e-commerce website for the public to order our products online. Website: www.moses.com.sg/kheartsonline/index.php.
- **Moses Workshop:** A workshop to design and produce products with commercial value for sales.
- **Rehab Workshop:** A workshop to provide services such as packaging, sorting, labeling, assembling, reworking, etc for commercial entities.

homespun

homespun is the realization of a concept. The concept of a relationship and exchange between designers and craftsmen of the cottage industries.

homespun encourages designers to partake in the cottage industries that are in need of support, to provide skills and decent livelihoods.

homespun aims to spearhead a commendable display of inspirational designs and products that derives from everyday things – ordinary yet extraordinary!

homespun also intends to serve as a platform for Asian designers to showcase their works and creations. It would be an explorative hub where designers can mingle and share ideas and possibilities. In the pipeline, there are also plans to organize workshops for designers to interact with the public, sharing their talents and experiences.

We welcome all artists and designers to share our vision and beliefs, in creating that is homespun...

Something OLD Something NEW

Something Old Something New is no ordinary thrift shop. Started in Dec 2000, it is being run by volunteers whose aim is to help in the rehabilitation of the recovering psychiatric clients from Simei Care Centre. All the items in the shop are donated, old or new. They range from toys, books, branded clothes, shoes, bags to big items such as dining tables, shelves.

The volunteers worked closely with the staff (recovering psychiatric clients) to sort out and repackaged the donations for resale, all at very reasonable prices.

The staff are trained and when ready, will go out to work. Those who have seen or read about SOSN will certainly agree that it is a unique thrift shop - different from those that they have seen in Singapore
